

Designed to work in conjunction with the Green Balance® Prespray. Green Balance Neutralizing Rinse is a concentrated mild acid neutralizing agent used in the final extraction and rinse of the extraction cleaning process. It stabilizes dyes, prevents against browning and yellowing, pH neutralizes the carpet, and leaves a soft, luxurious feel. It is safe and effective for all synthetic fibers as well as all water safe natural fibers. It also contains encapsulating polymers to help the carpet resist resoiling. Contains no solvents or phosphates.

- Approved as "green" by EPA Design for Environmental program.
- Polymer based acid neutralizing agent.
- Non re-soiling

DIRECTIONS:

1. Green Balance Neutralizing Rinse can be safely used on all synthetic fibers, and all wet cleanable natural fabrics. Always pretest for colorfastness in an inconspicuous area.
2. Carpet cleaning directions:
 - PORTABLE EXTRACTOR:** Mix 2 ounces of solution to five gallons of water in extraction tank.
 - TRUCK MOUNT:** Mix one quart solution (32 ounces) with five gallons of water into solution container. Set solution flow meter between 2 and 3.
 - POST CLEANING SPRAY APPLICATION:** Mix 5 ounces per gallon of water and apply with a pump-up, trigger, electric, or battery powered sprayer. Lightly mist across the carpet.
3. Upholstery cleaning: Mix 4 to 6 ounces of solution per gallon of water. It may be used as a final rinse through your extractor or spray misted on the fabric after cleaning.

Available in Gallons and 4 x 1 gallon cases

Part # CR03GL
